

Presentation of products made by the pupils of Livslust- Dzivesprieks in Latvia

The products made by the pupils in the sewing workshop and the joinery of Livslust are sold in Sweden, Latvia and other countries. In addition to the basic assortment, customers place special orders for different events like conferences or for instance Christmas presents. Orders from private persons are also accepted.

In the workshops the pupils get practical vocational training and the surplus from the sales contributes to the running costs of the school.
